?? Mt. COME ON ??

An annual event in the new year of Yamanakama-Sirius ShinSyun-Sankoh was held on 6th Jan. 2017 at Mt. Kamon-Dake, Haruna Mountain area. It was very fine day---- no wind, no cloud.

We, 15 members gathered at Takasaki Station, and went to Lake Haruna by bus.

There, it was not so cold, but at the water side of Lake Haruna, we could see many little icicles.

We started to walk at 11:00am, and reached to the top of Mt.Kamon-dake at 12:40, via Suzuri Rock. At the top of Kamon-dake, we enjoyed to drink wine, hot&hot Amazake and to eat Hoshigaki and so on. The top of Kamon-dake is comfortable place. It provides to us 360degree view. We could see Lake Hanruna, Yatsuga-dake, Japan Alps and other many other mountains. We leaved from the summit at 12:40.

On our way to Takasaki Station, We dropped by Haruna Shrine in one hour, and we prayed for the safety of our mountaineering in this year. Almost of members went back to their home directly from Takasaki station, but a few fellow who love to drink alcohol entered to the pub in the station square and begun to enjoy a small party, as usual.
